

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeffrey Diemand  
DOCKET NO.: 05-26545.001-R-1 through 05-26545.002-R-1  
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Jeffrey Diemand, the appellant(s), by attorney Gregory J. Lafakis, of Verros, Lafakis & Berkshire, P.C. of Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
05-26545.001-R-1	17-22-307-047-0000	\$10,405	\$68,316	\$78,721
05-26545.002-R-1	17-22-307-008-0000	\$15,304	\$1,116	\$16,420

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property consists of two parcels of land totaling 6,378 square feet and improved with an 84-year old, two-story, masonry, multi-family dwelling containing 12,480 square feet of living area, four baths, air conditioning, and a full, unfinished basement. The appellant argued unequal treatment in the assessment process as the basis of the appeal.

In support of the equity argument, the appellant, via counsel, submitted information on a total of four properties suggested as comparable and located within the subject's neighborhood. The properties are described as two or three-story, masonry, multi-family dwellings with between one and six baths, air conditioning, one or two fireplaces, and, for eight properties, a full, unfinished basement, and, for three properties, air conditioning. The properties range: in age from 34 to 102 years; in size from 3,058 to 9,282 square feet of living area; and in improvement assessments from \$3.92 to \$4.88 per square foot of

living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's improvement assessment of \$69,432 or \$5.56 per square foot of living area was disclosed. In support of the subject's assessment, the board of review presented descriptions and assessment information on a total of three properties suggested as comparable and located within the subject's neighborhood. The properties are described as two or three-story, masonry, multi-family dwellings with between one and one-half and three and two-half baths, a partial, unfinished basement, and, for two properties, air conditioning. The properties range: in age from one to 97 years; in size from 3,535 to 8,184 square feet of living area; and in improvement assessment from \$7.41 to \$9.26 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The parties submitted a total of seven properties suggested as comparable to the subject. The PTAB finds the appellant's comparables #1 and #5 and the board of review's comparable #3 are the most similar to the subject in size, construction, and age. These properties are masonry, two or three-story, multi-family dwellings located in the subject's neighborhood. The properties range: in age from 97 to 102 years; in size from 5,324 to 9,282 square feet of living area; and in improvement assessments from \$1.14 to \$7.41 per square foot of living area. In comparison, the subject's improvement assessment of \$5.56 per square foot of living area is within the range of these comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
