

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kevin J. O'Connor  
DOCKET NO.: 05-27208.001-R-1  
PARCEL NO.: 27-07-406-004-0000

The parties of record before the Property Tax Appeal Board are Kevin J. O'Connor, the appellant(s), by attorney Stephen Golan and attorney Liat Meisler, of Golan & Christie LLP of Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 10,083  
**IMPR.:** \$ 89,101  
**TOTAL:** \$ 99,184

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property contains 28,009 square feet of land improved with a ten-year old, two-story, masonry, single-family dwelling. The improvement includes 5,802 square feet of living area, four baths, a full basement, two fireplaces and a three-car garage.

At hearing, the parties jointly requested that PTAB render a decision in this matter based on the written evidence submissions.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted assessment data and descriptions on four comparable properties for consideration, two of which are located on the same street, as is the subject. They are improved with a two-story, single-family dwelling of frame, masonry or frame and masonry exterior construction. They range: in age from one to ten years; in size from 6,435 to 12,120 square

feet of living area; and in improvement assessments from \$3.92 to \$11.58 per square foot of living area. Amenities include a multi-car garage. The subject's improvement assessment is \$15.36 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$99,184 was disclosed. The board of review presented descriptions and assessment information on four comparable properties for consideration. They are improved with a two-story, masonry, single-family dwelling. They range: in age from seven to 15 years; in size from 3,850 to 5,644 square feet of living area; and in improvement assessments from \$15.36 to \$19.58 per square foot of living area. Amenities include a full or partial basement, one or two fireplaces, and a multi-car garage. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The PTAB further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the PTAB finds the appellant has not met this burden.

The PTAB finds the comparables #2 and #4 submitted by the appellant as well as comparables #1 and #2 submitted by the board of review are most similar to the subject in style, size, age and amenities. Due to their similarities to the subject, these four comparables received the most weight in the PTAB's analysis. These comparables had improvement assessments that ranged from \$3.92 to \$15.40 per square foot of living area. The subject's improvement assessment of \$15.36 per square foot of living area is within this range.

After considering adjustments and the differences in both parties' comparables when compared to the subject, the PTAB finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
