

**PROPERTY TAX APPEAL BOARD'S DECISION**

APPELLANT: John Benjamin  
DOCKET NO.: 06-20040.001-R-1  
PARCEL NO.: 16-31-213-021-0000

The parties of record before the Property Tax Appeal Board are John Benjamin, the appellant, by attorney Rusty Payton of the Law Offices of Rusty Payton, P.C Chicago, Illinois; and the Cook County Board of Review.

The subject property is improved with a one-story dwelling of masonry construction containing 1,166 square feet of living area. The dwelling is approximately 70 years old. Features of the property include a full basement with a recreation room and a 2.5-car detached garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on three comparable properties described as 1.5-story masonry dwellings that range in size from 1,271 to 1,386 square feet of living area. The comparable dwellings range in age from 61 to 80 years old. Each of the comparables has a basement and one has central air conditioning. The comparables have improvement assessments ranging from \$9.82 to \$10.36 per square foot of living area. The subject's improvement assessment is \$12.40 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on three comparable properties consisting of one-story masonry dwellings that range in size from 1,212 to 1,269 square feet of living area. The dwellings range in age from 78 to 82 years old. Each comparable has an unfinished basement and a 1.5 or 2.5-car detached garage. One comparable has central air conditioning. These properties have improvement assessments ranging from \$14.13 to \$14.46 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	4,500
IMPR.:	\$	14,457
TOTAL:	\$	18,957

Subject only to the State multiplier as applicable.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the comparables submitted by the board of review were most similar to the subject in size and style and received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$14.13 to \$14.46 per square foot of living area. The subject's improvement assessment of \$12.40 per square foot of living area is below the range of established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

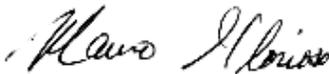

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
