

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Florence Busch
DOCKET NO.: 06-20126.001-R-1
PARCEL NO.: 11-32-311-004-0000

The parties of record before the Property Tax Appeal Board are Florence Busch, the appellant, by attorney Julie Realmuto of McCarthy & Duffy, Chicago, Illinois; and the Cook County Board of Review.

The subject property is a 95-year old, two-story style dwelling of masonry construction containing 2,562 square feet of living area with a full, unfinished basement.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted for consideration four comparable properties described as two-story masonry dwellings that are between 89 and 92 years old. On the appellant's map, the comparables are located three to six blocks from the subject property. The comparables contain from 3,020 to 3,144 square feet of living area and have improvement assessments ranging from \$12.54 to \$12.78 per square foot. The subject's improvement assessment is \$19.60 per square foot. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented three comparable properties consisting of two-story masonry dwellings that are either 94 or 98 years old. One of the comparables is located in the same tax block as the subject, and the other two are located two to three blocks away. The dwellings contain from 2,368 to 2,516 square feet of living area and have improvement assessments ranging from \$15.29 to \$15.73 per square foot. However, the subject's improvement assessment is \$19.60 per square foot. Based on this

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	10,775
IMPR.:	\$	39,839
TOTAL:	\$	50,614

Subject only to the State multiplier as applicable.

evidence, the board of review indicated it would stipulate to a reduced assessment totaling \$50,614.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds a reduction in the subject's assessment is warranted.

The Board finds that the comparables submitted by the board of review were the most similar to the subject and received the greatest weight in the Board's analysis. These comparables had improvement assessments ranging from \$15.29 to \$15.73 per square foot of living area. The subject's improvement assessment of \$19.60 per square foot of living area falls above the range established by the most similar comparables. Based on this record, the Board finds a reduction in the subject's improvement assessment commensurate with the board of review's proposed stipulation is approximate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
