

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Paul Pusko
DOCKET NO.: 06-20339.001-R-1
PARCEL NO.: 23-12-306-043-0000

The parties of record before the Property Tax Appeal Board are Paul Pusko, the appellant, by attorney Rusty A. Payton of the Law Offices of Rusty A. Payton, P.C., Chicago, Illinois; and the Cook County Board of Review.

The subject property is a 43-year old, one-story style dwelling of masonry construction containing 1,110 square feet of living area with a crawl-space foundation.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted for consideration four comparable properties described as one-story masonry dwellings that are between 40 and 48 years old. On the appellant's map, one of the comparables is located approximately one-half mile from the subject property, and the other three are located over one mile away. The comparables contain from 1,099 to 1,332 square feet of living area and have improvement assessments ranging from \$8.72 to \$9.83 per square foot. The subject's improvement assessment is \$13.31 per square foot. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented four comparable properties consisting of one-story masonry dwellings that are between 39 and 49 years old and are located three to four blocks from the subject property. Two of the comparables have basements, and two have slab foundations. The dwellings contain from 1,008 to 1,092 square feet of living area and have improvement assessments ranging from \$13.94 to \$16.81 per square foot. Based on this

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	5,428
IMPR.:	\$	14,772
TOTAL:	\$	20,200

Subject only to the State multiplier as applicable.

evidence, the board of review requested confirmation of the subject's assessment.

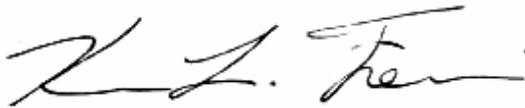

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not overcome this burden.

The Board finds the range established by the most similar comparables contained in this record is \$13.94 to \$15.00 per square foot of living area. The subject's improvement assessment of \$13.31 per square foot of living area falls below this range. Two of the comparables submitted by the board of review were the most similar to the subject in age, location, and foundation. These comparables received the greatest weight in the Board's analysis. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
