

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: George Yanos
DOCKET NO.: 06-20432.001-R-1
PARCEL NO.: 16-18-118-010-0000

The parties of record before the Property Tax Appeal Board are George Yanos, the appellant, by attorney Rusty A. Payton of the Law Offices of Rusty A. Payton, P.C., Chicago, Illinois; and the Cook County Board of Review.

The subject property is a 90-year old, two-story stucco dwelling containing 2,332 square feet of living area. The dwelling has an unfinished basement, a fireplace, and a two-car garage.

The appellant submitted evidence before the Property Tax Appeal Board claiming unequal treatment in the assessment process. The appellant submitted three suggested comparable properties located over one-half of a mile from the subject. The comparables are described as two-story frame or stucco dwellings that are between 97 and 99 years old. Features had varying degrees of similarity and dissimilarity when compared to the subject. The comparables contain from 2,390 to 2,860 square feet of living area and have improvement assessments ranging from \$11.68 to \$17.25 per square foot of living area. The subject property has an improvement assessment of \$19.31 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. In support of the subject's assessment, the board of review presented property characteristic sheets and an assessment analysis of three suggested comparables. The comparables consist of two-story stucco dwellings that are 81 to 99 years old. Features had varying degrees of similarity and dissimilarity when compared to the subject. The dwellings contain from 2,206 to 2,565 square feet of living area and have improvement assessments ranging from \$19.00 to \$20.55 per square foot of living area.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	7,181
IMPR.:	\$	45,020
TOTAL:	\$	52,201

Subject only to the State multiplier as applicable.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

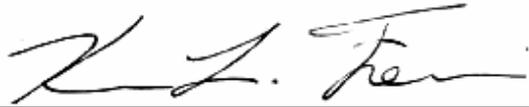

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not overcome this burden.

The Board finds the parties submitted six suggested comparables for consideration. The Board finds the both parties' comparables had varying degrees of similarity when compared to the subject in age, size, design, features and location. The comparables have improvement assessments ranging from \$11.68 to \$20.55 per square foot of living area. The subject's improvement assessment of \$19.31 per square foot of living area falls within this range. After considering adjustments for any differences when compared to the subject, the Board finds the subject's improvement assessment is supported and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
