

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Eddie Zipperstein
DOCKET NO.: 06-20475.001-R-1
PARCEL NO.: 11-30-410-026-0000

The parties of record before the Property Tax Appeal Board are Eddie Zipperstein, the appellant, by attorney Mitchell L. Klein, of Schiller Klein PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 10,076
IMPR.: \$ 36,240
TOTAL: \$ 46,316

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story multi-family dwelling of masonry construction containing 2,687 square feet of living area. The dwelling is 64 years old. Features of the home include a concrete slab foundation.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as two-story masonry multi-family dwellings that are between 52 and 90 years old. The comparable dwellings range in size from 2,536 to 3,103 square feet of living area. The comparables have a basement, one of which is finished, one has central air conditioning and two have a garage. The comparables have improvement assessments ranging from \$10.49 to \$11.33 per square foot of living area. The subject's improvement assessment is \$13.49 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of two-story

masonry dwellings that are 49 or 64 years old. The dwellings contain either 2,687 or 2,695 square feet of living area. One of the comparables has a full, finished basement and the others have a concrete slab foundation. One of the comparables has central air conditioning and a garage. These properties have improvement assessments ranging from \$13.53 to \$13.62 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds three of the appellant's comparables were significantly older than the subject and they all differed from the subject in foundation. The board of review's comparable four also differed in foundation from the subject. As a result, these comparables received reduced weight in the Board's analysis. The board of review's comparables one through three were identical to the subject in design, exterior construction, age, size and foundation. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments of \$13.53 and \$13.62 per square foot of living area. The subject's improvement assessment of \$13.49 per square foot of living area is below the assessments established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
