

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Trev Minnaert  
DOCKET NO.: 06-20706.001-R-1  
PARCEL NO.: 10-12-401-010-0000

The parties of record before the Property Tax Appeal Board (hereinafter PTAB) are Trev Minnaert, the appellant(s), by attorney David C. Dunkin, of Arnstein & Lehr of Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 6,629  
**IMPR.:** \$ 45,371  
**TOTAL:** \$ 52,000

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property is sited on a 4,250 square foot parcel of land, which is improved with a 78-year old, two-story, masonry, single-family dwelling. This improvement contains 1,892 square feet of living area as well as a full basement, one bath, one fireplace, and a one-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted assessment data and descriptions on 12 comparable properties for consideration. They are improved with a two-story dwelling of stucco, frame, or masonry exterior construction. They range: in baths from two to three; in age from 82 to 121 years; in size from 1,652 to 2,179 square feet of living area; and in improvement assessments from \$20.02 to \$21.83 per square foot of living area. Amenities included basement area, while nine properties also have garage area. The subject's improvement assessment is \$23.98 per square foot of living area.

The appellant's pleadings also included assessor database printouts and color photographs, as well as a map of the

subject's neighborhood. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on three comparable properties for consideration. They are improved with a two-story, masonry dwelling. They range: in baths from two to three; in age from 67 to 80 years; in size from 1,742 to 2,012 square feet of living area; and in improvement assessments from \$24.48 to \$25.36 per square foot of living area. Amenities include from one to two fireplaces with basement and garage area. One property was identified as located on the same street as is the subject. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the PTAB finds the appellant has not met this burden.

The PTAB finds that comparable #1 submitted by the appellant as well as comparables #1 through #3 submitted by the board of review are most similar to the subject in style, size, age and exterior construction. Due to their similarities to the subject, these comparables received the most weight in the PTAB's analysis. These comparables had improvement assessments that ranged from \$21.72 to \$25.36 per square foot of living area. The subject's improvement assessment of \$23.98 per square foot of living area is within this range.

After considering adjustments and the differences in both parties' comparables when compared to the subject, the PTAB finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
