

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Je-Taun Shepherd
DOCKET NO.: 06-21184.001-R-1
PARCEL NO.: 16-08-319-044-1007

The parties of record before the Property Tax Appeal Board are Je-Taun Shepherd, the appellant, by attorney Christopher G. Walsh, Jr. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 1,199
IMPR.: \$ 27,860
TOTAL: \$ 29,059

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a residential condominium unit with a 14.622% ownership interest in a four-year-old, residential condominium building situated on a 9,321 square foot parcel located in Oak Park Township, Cook County.

The appellant, through counsel, submitted evidence before the Property Tax Appeal Board arguing that the subject's fair market value is not accurately reflected in its assessment. In support of this argument, the appellant's evidence disclosed that the subject was purchased in July 2003 for a price of \$287,148; the sale was not a transfer between family or related corporations; and the subject was sold by the developer/owner. In addition, the appellant submitted a copy of the subject's settlement statement and bill of sale. Based upon this information, the appellant requested an assessment reflective of a fair market value for the subject of \$287,148.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final total assessment of \$32,419

was disclosed. The subject's assessment reflects a fair market value of \$320,346 when applying the 2006 three-year median level of assessments of 10.12% for Cook County class 2 properties as determined by the Illinois Department of Revenue. In support of its assessment of the subject property, the board of review presented a sales analysis that consisted of five units located within the subject's building which sold between 2003 and 2005. The total consideration for the five sales was \$1,431,198. Of that amount \$17,500, or \$3,500 per unit, was deducted for personal property. Thus, the total adjusted sales price for the real estate was calculated to be \$1,413,698. The board then adjusted the sales price by applying the total of the percentages of ownership of the units which sold, or 61.012%, to conclude a total market value for the subject building of \$2,317,082. Multiplying this amount by the subject's percentage of ownership of 14.622% resulted in a value for the subject unit of \$338,804. Based on the evidence presented, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds it has jurisdiction over the parties and the subject matter of this appeal.

When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331 Ill.App.3d 1038 (3rd Dist, 2002); Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill.App.3d 179 (2nd Dist. 2000). Proof of market value may consist of an appraisal, a recent arms-length sale of the subject property, recent sales of comparable properties, or recent construction costs of the subject property. (86 Ill.Adm.Code §1910.65(c)) Having reviewed the record and considering the evidence, the Board finds the appellant has met this burden.

The appellant's evidence disclosed that the subject was purchased in July 2003 for a price of \$287,148; the sale was not a transfer between family or related corporations; and the subject was sold by the developer/owner. In addition, the appellant submitted a copy of the subject's settlement statement and bill of sale. The Board finds the subject's July 2003 sale for \$287,148 to be the best evidence of market value contained in the record. The Board further finds the board of review failed to present any evidence to refute the arm's length nature of the sale.

Therefore, the Property Tax Appeal Board finds that the subject had a market value of \$287,148 as of January 1, 2006. The Board further finds that the 2006 Illinois Department of Revenue's three-year median level of assessments of 10.12% for Class 2 property shall apply and a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
