

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Robert Gainer  
DOCKET NO.: 06-21501.001-R-1  
PARCEL NO.: 08-11-406-006-0000

The parties of record before the Property Tax Appeal Board are Robert Gainer, the appellant, by attorney Julie Realmuto of McCarthy & Duffy, in Chicago, and the Cook County Board of Review.

The subject property is a 45-year old, two-story style dwelling of frame and masonry construction containing 2,446 square feet of living area with a partial unfinished basement.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted four comparable properties described as two-story frame and masonry dwellings that are 36 to 48 years old for consideration. Two comparables have unfinished or partial finished basements, while two have no basements. The comparables contain 2,044 to 2,828 square feet of living area and have improvement assessments of \$9.37 to \$11.11 per square foot. The subject's improvement assessment is \$14.74 per square foot. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented four comparable properties consisting of two-story frame and masonry dwellings that are 49 to 52 years old. Two comparables have no basements, while two have partial unfinished basements. All four properties feature central air-conditioning, contain 2,080 to 2,199 square feet and have improvement assessments of \$13.95 to \$14.29 per square foot. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	6,259
IMPR.:	\$	28,704
TOTAL:	\$	34,963

Subject only to the State multiplier as applicable.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has overcome this burden.

The Board finds one comparable submitted by the appellant and one submitted by the board of review were most similar to the subject in size, design, exterior construction, features, foundation and age. These comparables received the greatest weight in the Board's analysis. These most similar comparables had improvement assessments of \$9.93 and \$14.10 per square foot of living area. The subject's improvement assessment of \$14.74 per square foot of living area is above this range. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is not supported and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
