

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Julie Gish
DOCKET NO.: 06-21824.001-R-1
PARCEL NO.: 14-19-428-011-0000

The parties of record before the Property Tax Appeal Board are Julie Gish, the appellant, by attorney Julie Realmuto of McCarthy & Duffy, Chicago, Illinois; and the Cook County Board of Review.

The subject property is improved with a seven-year old, two-story style dwelling of masonry construction containing 1,998 square feet of living area with a full, unfinished basement, central air conditioning, and a two-car detached garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on three comparable properties described as two-story frame or masonry dwellings that are either nine or 15 years old. The comparable dwellings range in size from 1,718 to 1,999 square feet of living area. These properties have improvement assessments ranging from \$32.47 to \$33.18 per square foot of living area. The subject's improvement assessment is \$36.10 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" without any equity evidence in support of its assessed valuation of the subject property. The board of review submitted the subject's June 2003 sale price of \$833,810 but did not address the appellant's equity evidence.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds that a reduction in the subject's assessment is warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	11,846
IMPR.:	\$	65,674
TOTAL:	\$	77,520

Subject only to the State multiplier as applicable.

v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

The Board finds the comparables numbered two and three by the appellant were very similar to the subject in age, size, design, and exterior construction. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments of \$32.87 and \$33.18 per square foot of living area. The subject's improvement assessment of \$36.10 per square foot of living area falls well above these amounts. The board of review provided the subject's June 2003 sale price but did not submit any equity evidence to refute the evidence presented by the appellant. As a result, the Board finds the subject's improvement assessment is not equitable and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
