

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Peter Moore
DOCKET NO.: 06-21978.001-R-1
PARCEL NO.: 14-07-214-005-0000

The parties of record before the Property Tax Appeal Board are Peter Moore, the appellant, by attorney Julie Realmuto of McCarthy & Duffy, in Chicago, and the Cook County Board of Review.

The subject property is a 103-year old, one and one-half-story style dwelling of frame construction containing 1,338 square feet of living area with a full basement finished as a recreation room.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted four comparable properties described as one and one-half-story frame dwellings that are 100 to 110 years old for consideration. The comparables have unfinished basements, contain 1,536 to 1,664 square feet of living area and have improvement assessments of \$19.02 to \$21.06 per square foot. The subject's improvement assessment is \$33.99 per square foot. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented one comparable property consisting of a one-story masonry dwelling that is 90 years old. This property has a full unfinished basement, contains 1,516 square feet and has an improvement assessment of \$39.68 per square foot. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	10,874
IMPR.:	\$	28,125
TOTAL:	\$	38,999

Subject only to the State multiplier as applicable.

Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has overcome this burden.

The Board finds the comparables submitted by the appellant were similar to the subject in size, design, exterior construction, features and age. These comparables received the greatest weight in the Board's analysis. The only comparable submitted by the board of review was given less weight because it differed from the subject in design and exterior construction. The range established by the most similar comparables contained in this record is \$19.02 to \$21.06 per square foot of living area. The subject's improvement assessment of \$33.99 per square foot of living area falls above this range. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is not supported and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
