

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Joel Fox
DOCKET NO.: 06-22070.001-R-1
PARCEL NO.: 09-15-109-075-0000

The parties of record before the Property Tax Appeal Board are Joel Fox, the appellant, by attorney Julie Realmuto of McCarthy & Duffy, Chicago, Illinois; and the Cook County Board of Review.

The subject property is a 41-year old, two-story style dwelling of frame and masonry construction containing 1,550 square feet of living area with a partial, unfinished basement.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted for consideration seven comparable properties with four being described as two-story frame and masonry dwellings that are either 41 or 43 years old. Three comparables had no detailed description provided other than classification code and size. None of the four comparables listed on the appellant's grid analysis have basements. The comparables contain 1,632 square feet of living area and have improvement assessments ranging from \$7.49 to \$8.22 per square foot. The subject's improvement assessment is \$11.68 per square foot. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented three comparable properties consisting of two-story frame and masonry dwellings that are either 42 or 43 years old. Each has a partial, unfinished basement. The dwellings contain 1,473 or 1,567 square feet of living area and have improvement assessments of \$11.64 and \$12.26 per square foot. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	3,892
IMPR.:	\$	18,105
TOTAL:	\$	21,997

Subject only to the State multiplier as applicable.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not overcome this burden.

The Board finds the improvement assessment established by the most similar comparables contained in this record is \$11.64 per square foot of living area. The subject's improvement assessment of \$11.68 per square foot of living area falls slightly above this range. Although all of the comparables submitted were similar to the subject in age, design, and exterior construction, the comparables numbered one and two by the board of review were the most similar to the subject in size and foundation. As a result, these comparables received the greatest weight in the Board's analysis. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
