

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Timothy Burke  
DOCKET NO.: 06-22206.001-R-1  
PARCEL NO.: 15-20-406-026-0000

The parties of record before the Property Tax Appeal Board are Timothy Burke, the appellant, by attorney Rusty Payton of the Law Offices of Rusty Payton, P.C., Chicago, Illinois; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:     \$ 4,860**  
**IMPR.:    \$ 22,732**  
**TOTAL:    \$ 27,592**

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property is improved with a one-story dwelling of masonry construction containing 1,409 square feet of living area. The dwelling is 76 years old. Features of the home include a full, unfinished basement, a fireplace and a two-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as one-story masonry dwellings that range in age from 51 to 54 years old. The comparable dwellings range in size from 1,232 to 1,474 square feet of living area. Three include full, unfinished basements and one has no basement. One has a fireplace. The appellant's evidence does not indicate whether the comparables have garages. The comparables have improvement assessments ranging from \$11.12 to \$13.74 per square foot of living area. The subject's improvement assessment is \$16.13 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment

information on four comparable properties consisting of one-story frame and masonry dwellings that are 51 years old. The dwellings range in size from 1,337 to 1,456 square feet of living area. Features include full basements, three of which are finished. Two have air conditioning, and one has two fireplaces. All have two-car garages. These properties have improvement assessments ranging from \$16.48 to \$17.34 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the comparables submitted by the both parties were dissimilar to the subject in age. The board of review's comparables generally were more similar in size to the subject. The appellant's were more similar in exterior construction. The board of review's comparables all had two-car garages similar to the subject, but the appellant's evidence doesn't indicate the size or existence of garages for the appellant's comparables. None of the comparables were similar to the subject in all respects, and neither party's comparables deserve significantly more weight than the other's. All comparables had improvement assessments that ranged from \$11.12 to \$17.34 per square foot of living area. The subject's improvement assessment of \$16.13 per square foot of living area is within the range established by all comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
