

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Denny  
DOCKET NO.: 06-22221.001-R-1  
PARCEL NO.: 14-17-302-004-0000

The parties of record before the Property Tax Appeal Board are James Denny, the appellant, by attorney Mitchell L. Klein, of Schiller Klein PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 18,388  
**IMPR.:** \$ 58,206  
**TOTAL:** \$ 76,594

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property is improved with a two-story dwelling of frame construction containing 1,868 square feet of living area. The dwelling is 106 years old. Features of the home include a full, unfinished basement, central air conditioning and a two-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on three comparable properties described as two-story frame dwellings that are between 104 and 108 years old. The comparable dwellings range in size from 1,850 to 1,944 square feet of living area. The comparables have a full, unfinished basement, one has central air conditioning and each has a garage. The comparables have improvement assessments ranging from \$26.43 to \$27.37 per square foot of living area. The subject's improvement assessment is \$31.16 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment

information on four comparable properties consisting of two-story frame dwellings that are between 98 and 123 years old. The dwellings range in size from 1,863 to 2,087 square feet of living area. The comparables have a full basement, one of which is finished, two have central air conditioning, two have a fireplace and one has a garage. These properties have improvement assessments ranging from \$34.93 to \$35.43 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the comparables submitted by both parties were similar to the subject in design, exterior construction, age, size and foundation. In all, the seven comparables had improvement assessments ranging from \$26.43 to \$35.43 per square foot of living area. The subject's improvement assessment of \$31.16 per square foot of living area is within the range established by these comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
