

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Aleksander Bafia
DOCKET NO.: 06-22284.001-R-1
PARCEL NO.: 19-31-101-076-0000

The parties of record before the Property Tax Appeal Board are Aleksander Bafia, the appellant, by attorney Rusty Payton of the Law Offices of Rusty Payton, P.C., Chicago, Illinois; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 3,181
IMPR.: \$ 26,688
TOTAL: \$ 29,869

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a multi-level dwelling of masonry construction containing 1958 square feet of living area. The dwelling is 23 years old. Features of the home include a partial, finished basement, central air conditioning, a fireplace and a two-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on three comparable properties described as multi-level masonry or frame and masonry dwellings that range in age from 1 to 43 years old. The comparable dwellings range in size from 1572 to 2180 square feet of living area. Features include partial basements. Two have central air conditioning, and two have fireplaces. The map supplied by the appellant indicates the appellant's comparable #3 is located more than one and one-half miles from the subject. The comparables have improvement assessments ranging from \$8.06 to \$10.52 per square foot of living area. The subject's improvement assessment is \$13.63 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of multi-level masonry dwellings that range in age from 15 to 32 years old. The dwellings range in size from 1580 to 1800 square feet of living area. Three have partial basements, two of which are finished. Three have garages, two have central air conditioning and one has a fireplace. These properties have improvement assessments ranging from \$13.82 to \$15.12 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the appellant's comparable #1 and comparable #3 should be given less weight because the former is of a different exterior construction and the latter is located a considerable distance from the subject. The remaining comparables submitted by the parties had improvement assessments that ranged from \$9.70 to \$15.12 per square foot of living area. The subject's improvement assessment of \$13.63 per square foot of living area is within the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
