

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kapa Properties, LLC
DOCKET NO.: 06-22510.001-R-1
PARCEL NO.: 14-29-314-015-0000

The parties of record before the Property Tax Appeal Board are Kapa Properties, LLC, the appellant, by attorney Mitchell L. Klein of Schiller Klein PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 17,469
IMPR.: \$ 98,624
TOTAL: \$ 116,093

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story multi-family dwelling of frame and masonry construction containing 5,132 square feet of living area. The dwelling is four years old, and it has three apartment units, a full, finished basement with an apartment, and central air conditioning.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on three comparable properties described as two-story frame or frame and masonry dwellings that range in age from 113 to 118 years old. The comparable dwellings range in size from 4,679 to 5,102 square feet of living area. Each comparable has an unfinished basement, either full or partial; one has central air conditioning; and two have garages. The comparables have improvement assessments ranging from \$14.74 to \$17.10 per square foot of living area. The subject's improvement assessment is \$19.22 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment

information on four comparable properties consisting of two-story frame and masonry multi-family dwellings that are either 113 or 118 years old. The dwellings range in size from 2,657 to 3,840 square feet of living area, and they have from two to four apartment units. Three comparables have a full, finished basement with an apartment, and one has a slab foundation. Three comparables have garages; one has central air conditioning; and one has a fireplace. These properties have improvement assessments ranging from \$19.34 to \$23.15 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

Both parties presented assessment data on a total of seven equity comparables. The Board finds that all of the comparables submitted by both parties differed substantially from the subject in age. Although none of the comparables was sufficiently similar to the subject, the Board notes that all of the comparables submitted had improvement assessments that ranged from \$14.74 to \$23.15 per square foot of living area. The subject's improvement assessment of \$19.22 per square foot of living area falls within this range. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
