

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Anthony Parker
DOCKET NO.: 06-22711.001-R-1
PARCEL NO.: 02-27-105-011-0000

The parties of record before the Property Tax Appeal Board are Anthony Parker, the appellant, by attorney Julie Realmuto of McCarthy & Duffy, Chicago, Illinois; and the Cook County Board of Review.

The subject property is a 28-year old, two-story style dwelling of frame and masonry construction containing 3,042 square feet of living area with a slab foundation.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted for consideration three comparable properties described as two-story frame or frame and masonry dwellings that are between 16 and 27 years old. Each of the comparables has a basement. The comparables contain from 2,960 to 3,189 square feet of living area and have improvement assessments ranging from \$3.76 to \$10.17 per square foot. The subject's improvement assessment is \$12.28 per square foot. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented four comparable properties consisting of two-story frame and masonry dwellings that are either 28 or 31 years old. Three of the comparables have unfinished basements, and one has a slab foundation. The dwellings contain from 2,680 to 3,042 square feet of living area and have improvement assessments ranging from \$13.10 to \$14.12 per square foot. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	8,168
IMPR.:	\$	37,343
TOTAL:	\$	45,511

Subject only to the State multiplier as applicable.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not overcome this burden.

The Board finds the range established by the most similar comparables contained in this record is \$10.17 to \$14.01 per square foot of living area. The subject's improvement assessment of \$12.28 per square foot of living area falls within this range. Although the appellant's comparable #3 differed in foundation from the subject property, this comparable as well as the board of review's comparable #3 were the most similar to the subject in age, size, and exterior construction. As a result, these comparables received the greatest weight in the Board's analysis. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
