

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Jack Caponigro  
DOCKET NO.: 06-23160.001-R-1  
PARCEL NO.: 03-35-416-006-0000

The parties of record before the Property Tax Appeal Board are Jack Caponigro, the appellant, by attorney Julie Realmuto of McCarthy & Duffy in Chicago, Illinois; and the Cook County Board of Review.

The subject property is a 37-year old multi-level style dwelling of frame construction containing 1,596 square feet of living area with a partial, finished basement.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted three comparable properties described as multi-level frame or frame and masonry dwellings that range from 39 to 43 years old for consideration. The comparables contain from 1,441 to 1,978 square feet of living area and have improvement assessments of either \$8.06 or \$12.80 per square foot. The subject's improvement assessment is \$14.96 per square foot. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented three comparable properties consisting of multi-level style frame dwellings that are either 38 or 42 years old. The dwellings contain from 1,555 to 1,748 square feet and have improvement assessments ranging from \$14.91 to \$16.02 per square foot. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

IMPR.:	\$	23,876
TOTAL:	\$	30,686

the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not overcome this burden.

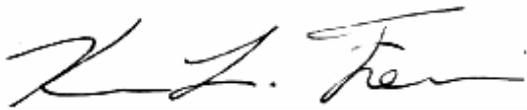

The Board finds the assessment range established by the most similar comparables contained in this record is \$14.91 to \$16.02 per square foot of living area. The subject's assessment of \$14.95 per square foot of living area is within this range. The Board finds the board of review's comparables were more similar to the subject in design, size, exterior construction, location, basement area and/or age. These comparables had the same neighborhood code as the subject. These comparables received the greatest weight in the Board's analysis. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.
