

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Arthur and Sheila Brunetti
DOCKET NO.: 06-23186.001-R-1
PARCEL NO.: 03-18-415-003-0000

The parties of record before the Property Tax Appeal Board are Arthur and Sheila Brunetti, the appellants, by attorney Julie Realmuto of McCarthy & Duffy, Chicago, Illinois; and the Cook County Board of Review.

The subject property consists of an 18-year old, one and one-half story style dwelling of masonry exterior construction containing 2,912 square feet of living area with a full, unfinished basement, central air conditioning, one fireplace and a three-car garage.

The appellants submitted evidence before the Property Tax Appeal Board claiming unequal treatment in the assessment process as the basis of the appeal. In support of the equity argument, the appellants submitted a grid analysis detailing four suggested comparable properties. The comparables are one-story masonry dwellings that are from 32 to 39 years old. The comparables contain from 2,277 to 2,655 square feet of living area and have improvement assessments ranging from \$8.49 to \$9.93 per square foot. The subject property has an improvement assessment of \$12.74 per square foot. Based on this evidence, the appellants requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. In support of the subject's assessment, the board of review offered the property characteristic sheets and a spreadsheet detailing four suggested comparable properties. The comparable properties consist of one or one and one-half story frame or masonry dwellings that are one or 20 years old. The dwellings contain from 2,880 to 4,995 square feet of living area and have improvement assessments ranging from \$12.15 to \$17.53 per square foot. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	10,656
IMPR.:	\$	37,099
TOTAL:	\$	47,755

Subject only to the State multiplier as applicable.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Property Tax Appeal Board further finds that a reduction in the subject's assessment is not warranted.

The appellants' argument was unequal treatment in the assessment process. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellants have not overcome this burden.

Both parties presented assessment data on a total of eight equity comparables that had varying degrees of similarity with the subject. The appellants' comparables differed in design from the subject and were substantially older than the subject. Two of the board of review's comparables differed in exterior construction from the subject and two were substantially newer than the subject. One of the comparables was also substantially larger than the subject. Although none of the comparables was sufficiently similar to the subject to provide clear and convincing evidence the subject was inequitably assessed, the Board notes all comparables had improvement assessments ranging from \$8.49 to \$17.53 per square foot. The subject's \$12.74 per square foot improvement assessment is within this range.

As a result of this analysis, the Property Tax Appeal Board finds the appellants have not adequately demonstrated that the subject dwelling was inequitably assessed by clear and convincing evidence and a reduction is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
