

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Rob Zimmanck  
DOCKET NO.: 06-23200.001-R-1  
PARCEL NO.: 03-17-118-026-0000

The parties of record before the Property Tax Appeal Board are Rob Zimmanck, the appellant, by attorney Julie Realmuto of McCarthy & Duffy, Chicago, Illinois; and the Cook County Board of Review.

The subject property is a 19-year old, two-story style dwelling of frame and masonry construction containing 2,480 square feet of living area with a full, unfinished basement.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted for consideration four comparable properties described as two-story frame and masonry dwellings that are between 16 and 40 years old. The comparables contain from 2,348 to 2,970 square feet of living area and have improvement assessments ranging from \$8.16 to \$9.18 per square foot. The subject's improvement assessment is \$13.22 per square foot. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented four comparable properties consisting of two-story frame and masonry dwellings that are between 17 and 21 years old. The dwellings contain from 2,938 to 3,212 square feet of living area and have improvement assessments ranging from \$11.54 to \$13.04 per square foot. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	8,236
IMPR.:	\$	22,494
TOTAL:	\$	30,730

Subject only to the State multiplier as applicable.

Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has overcome this burden.

The comparables numbered three and four by the appellant differed substantially in age from the subject and received reduced weight in the Board's analysis. The comparables submitted by the board of review were considerably larger than the subject and also received reduced weight. The comparables numbered one and two by the appellant were the most similar to the subject in age and size. As a result, these comparables received the greatest weight in the Board's analysis. The Board finds the range established by the most similar comparables contained in this record is \$8.16 to \$9.04 per square foot of living area. The subject's improvement assessment of \$13.22 per square foot of living area falls well above this range. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is not supported and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
