

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: James Amato  
DOCKET NO.: 06-23218.001-R-1  
PARCEL NO.: 03-29-412-046-0000

The parties of record before the Property Tax Appeal Board are James Amato, the appellant, by attorney Julie Realmuto of McCarthy & Duffy, Chicago, Illinois; and the Cook County Board of Review.

The subject property is a 13-year old, one-story style dwelling of masonry construction containing 1,714 square feet of living area with a partial, unfinished basement.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted for consideration three comparable properties described as one-story masonry or frame and masonry dwellings that range in age from 36 to 57 years old. The comparables contain from 1,500 to 1,792 square feet of living area and have improvement assessments ranging from \$10.75 to \$14.14 per square foot. The subject's improvement assessment is \$17.97 per square foot. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on two comparable properties consisting of one-story frame or masonry dwellings that are 45 or 46 years old. The dwellings contain 1,162 or 1,490 square feet of living area and have improvement assessments of \$18.43 or \$21.35 per square foot. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

IMPR.:	\$	30,806
TOTAL:	\$	39,895

Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not overcome this burden.

The Board finds that none of the comparables was truly similar to the subject property in age and physical characteristics to provide clear and convincing evidence that the property was inequitably assessed. The comparables submitted by both parties differed from the subject in age, size, and/or exterior construction. Nevertheless, the Board finds that all of the comparables had improvement assessments ranging from \$10.75 to \$21.35 per square foot. The subject's improvement assessment of \$17.97 per square foot of living area falls within this range. After considering adjustments and differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported, and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
