

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Janice Dunphy  
DOCKET NO.: 06-23525.001-R-1  
PARCEL NO.: 02-15-304-077-0000

The parties of record before the Property Tax Appeal Board are Janice Dunphy, the appellant, by attorney Julie Realmuto of McCarthy & Duffy, Chicago, Illinois; and the Cook County Board of Review.

The subject property is improved with a 13-year old, two-story dwelling of frame and masonry construction containing 1,831 square feet of living area with a full basement finished as a recreation room.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on three comparable properties described as two-story frame or frame and masonry dwellings that are 10 or 12 years old. The comparables range in size from 1,475 to 2,041 square feet of living area and have improvement assessments ranging from \$7.56 to \$11.70 per square foot of living area. The subject's improvement assessment is \$13.78 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on two comparable properties consisting of two-story frame and masonry dwellings that are 4 years old. The dwellings contain 2,126 square feet of living area and have improvement assessments of \$14.64 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	8,306
IMPR.:	\$	17,706
TOTAL:	\$	26,012

Subject only to the State multiplier as applicable.

PTAB/MRT/6/17/08

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

The Board finds that while all the comparables were two-story frame or frame and masonry dwellings like the subject, one comparable submitted by the appellant was most similar to the subject in size, age, design, exterior construction, features and foundation. This comparable had an improvement assessment of \$9.67 per square foot of living area. The subject's improvement assessment of \$13.78 per square foot of living area is above this most representative comparable in the record. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is not supported and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
