

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Kim Malecky  
DOCKET NO.: 06-23745.001-R-1  
PARCEL NO.: 31-02-201-047

The parties of record before the Property Tax Appeal Board (hereinafter PTAB) are Kim Malecky, the appellant, by attorney William I. Sandrick in Chicago and the Cook County Board of Review.

The subject property consists of an 8,260 square foot parcel of land containing an 12-year old, masonry, two-story, multi-family dwelling. The improvement contains 3,780 square feet of living area, three and two-half baths, air conditioning, and a full, finished basement. The appellant argued, via counsel, that there was unequal treatment in the assessment process of the improvement as the basis for this appeal.

In support of the equity argument, the appellant submitted assessment data and descriptions on four properties suggested as comparable to the subject. The data in its entirety reflects that the properties are located within one block of the subject and are improved with a three-story, masonry, multi-family dwelling with 6,429 square feet of living area and six baths. The properties are 27 years old and have improvement assessments from \$4.51 to \$4.77 per square foot of living area. As a result of this analysis, the appellant requested a reduction of the subject's assessment.

The board of review submitted "Board of Review-Notes on Appeal" wherein the subject's improvement assessment was \$28,422, or

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 4,956  
IMPR.: \$ 17,813  
TOTAL: \$ 22,769

Subject only to the State multiplier as applicable.

\$7.52 per square feet of living area. The board also submitted assessment data and a description of the subject property as well as copies of its file from the board of review's level appeal. As a result of its analysis, the board requested confirmation of the subject's assessment.

After considering the evidence and reviewing the record, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

Appellants who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill. 2d 1, 544 N.E.2d 762 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. Proof of assessment inequity should include assessment data and documentation establishing the physical, locational, and jurisdictional similarities of the suggested comparables to the subject property. Property Tax Appeal Board Rule 1910.65(b). Mathematical equality in the assessment process is not required. A practical uniformity, rather than an absolute one is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill. 2d 395, 169 N.E.2d 769 (1960). Having considered the evidence presented, the PTAB concludes that the appellant has not met this burden and that a reduction is warranted.

The appellant presented assessment data on a total of four equity comparables. The PTAB finds these comparables are similar to the subject. These four comparables contain a three-story, masonry, multi-family dwelling located within one block of the subject. The properties are 27 years old and contain 6,429 square feet of living area. They have improvement assessments from \$4.51 to \$4.77 per square foot of living area. In comparison, the subject's improvement assessment of \$7.52 per square foot of living area falls above the range established by these comparables.

As a result of this analysis, the PTAB further finds that the appellant has adequately demonstrated that the subject was inequitably assessed by clear and convincing evidence and that a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
