

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Myron Hanaway  
DOCKET NO.: 06-23967.001-R-1  
PARCEL NO.: 18-17-211-010-0000

The parties of record before the Property Tax Appeal Board are Myron Hanaway, the appellant, by attorney Rusty Payton of Rusty A. Payton, P.C., in Chicago, and the Cook County Board of Review.

The subject property is a 54-year old, one-story style dwelling of masonry construction containing 1,875 square feet of living area. Features of the home include central air-conditioning and one fireplace.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted three comparable properties described as one-story or one and one-half-story frame dwellings that are 40 to 56 years old for consideration. Two comparables have unfinished or partially finished basements, two have central air-conditioning and two have a fireplace. The comparables contain 1,910 to 2,157 square feet of living area and have improvement assessments of \$8.56 to \$9.16 per square foot. The subject's improvement assessment is \$12.18 per square foot. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented four comparable properties consisting of one-story masonry dwellings that are 39 to 58 years old. One comparable features a partial unfinished basement, one has central air-conditioning and each has one or two fireplaces. These properties contain 1,842 to 2,017 square feet and have improvement assessments of \$12.35 to \$13.45 per square foot. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	13,056
IMPR.:	\$	22,838
TOTAL:	\$	35,894

Subject only to the State multiplier as applicable.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not overcome this burden.

The Board finds the comparables submitted by the board of review were most similar to the subject in size, design, exterior construction, features and age. These comparables received the greatest weight in the Board's analysis. The range established by the most similar comparables contained in this record is \$12.47 to \$13.45 per square foot of living area. The subject's improvement assessment of \$12.18 per square foot of living area is below this range. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
