

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Steven Wolf
DOCKET NO.: 06-23968.001-R-1
PARCEL NO.: 18-09-209-025-0000

The parties of record before the Property Tax Appeal Board are Steven Wolf, the appellant, by attorney Rusty Payton of Rusty A. Payton, P.C., in Chicago, and the Cook County Board of Review.

The subject property is a 63-year old, one and one-half-story style dwelling of frame and masonry construction containing 1,095 square feet of living area.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted three comparable properties described as one-story frame and masonry dwellings that are 47 to 59 years old for consideration. One comparable has central air-conditioning and one has a fireplace. The comparables contain 1,036 to 1,238 square feet of living area and have improvement assessments of \$13.82 to \$15.34 per square foot. The subject's improvement assessment is \$17.71 per square foot. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented four comparable properties consisting of one and one-half-story frame and masonry dwellings that are 62 or 63 years old. Two comparables feature partial or full unfinished basements, while two have no basements. These properties contain 1,032 to 1,152 square feet and have improvement assessments of \$18.46 to \$19.80 per square foot. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not overcome this burden.

The Board finds the- comparables submitted by the board of review were most similar to the subject in size, design, exterior construction and age. These comparables received the greatest weight in the Board's analysis. The range established by the most similar comparables contained in this record is \$18.46 to \$19.80 per square foot of living area. The subject's improvement assessment of \$17.71 per square foot of living area is below this range. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
