

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Ronald Plankis
DOCKET NO.: 06-24028.001-R-1
PARCEL NO.: 27-18-104-047-0000

The parties of record before the Property Tax Appeal Board are Ronald Plankis, the appellant, by attorney Rusty Payton of Rusty A. Payton, P.C., in Chicago, and the Cook County Board of Review.

The subject property is an 11-year old, two-story style dwelling of frame and masonry construction containing 3,523 square feet of living area. Features of the home include central air-conditioning, two fireplaces and a full finished basement.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted four comparable properties described as two-story frame and masonry dwellings that are 10 to 18 years old for consideration. The comparables contain 3,093 to 3,260 square feet of living area and have improvement assessments of \$8.94 to \$11.32 per square foot. The subject's improvement assessment is \$13.77 per square foot. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented four comparable properties consisting of two-story frame and masonry dwellings that are 10 to 18 years old. All the comparables feature partial or full unfinished basements and have central air-conditioning. Three have one or two fireplaces. These properties contain 2,586 to 3,662 square feet and have improvement assessments of \$13.62 to \$16.43 per square foot. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	12,857
IMPR.:	\$	48,512
TOTAL:	\$	61,369

Subject only to the State multiplier as applicable.

parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not overcome this burden.

The Board finds seven comparables submitted by both parties were similar to the subject in size, design, exterior construction, location, features and age. One of the board of review's comparables was given less weight because it was significantly smaller in living area when compared to the subject. The range established by the remaining comparables is \$8.94 to \$13.77 per square foot of living area. The subject's improvement assessment of \$13.77 per square foot of living area is supported by these properties. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
