

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: John Camphouse  
DOCKET NO.: 06-24061.001-R-1  
PARCEL NO.: 27-11-111-024-0000

The parties of record before the Property Tax Appeal Board are John Camphouse, the appellant, by attorney Rusty Payton of the Law Offices of Rusty Payton, P.C., Chicago, Illinois; and the Cook County Board of Review.

The subject property is a 20-year old, multi-level style dwelling of frame and masonry construction containing 2,034 square feet of living area with a partial, finished basement.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted for consideration four comparable properties described as multi-level frame and masonry dwellings that range in age from 19 to 30 years old. The comparables contain from 1,927 to 2,397 square feet of living area and have improvement assessments ranging from \$8.64 to \$9.06 per square foot. The subject's improvement assessment is \$12.30 per square foot. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of multi-level frame and masonry dwellings that range in age from 13 to 19 years old. The dwellings contain from 1,410 to 1,715 square feet of living area and have improvement assessments ranging from \$12.38 to \$14.92 per square foot. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	5,400
IMPR.:	\$	17,981
TOTAL:	\$	23,381

Subject only to the State multiplier as applicable.

parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has overcome this burden.

All of the comparables submitted were similar to the subject in design and exterior construction, but the comparables numbered two and four by the appellant and the comparables submitted by the board of review differed from the subject in size and/or age. As a result, they received reduced weight in the Board's analysis. The Board finds that the comparables numbered one and three by the appellant were the most similar to the subject in age and size. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$8.64 to \$9.03 per square foot of living area. The subject's improvement assessment of \$12.30 per square foot of living area falls above this range. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is not supported and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
