

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Janet Leighton and Gary Andorf
DOCKET NO.: 06-24067.001-R-1
PARCEL NO.: 27-31-107-025-0000

The parties of record before the Property Tax Appeal Board are Janet Leighton and Gary Andorf, the appellants, by attorney Rusty Payton of the Law Offices of Rusty Payton, P.C., Chicago, Illinois; and the Cook County Board of Review.

The subject property is a 10-year old, two-story style dwelling of frame and masonry construction containing 2,710 square feet of living area with a full, unfinished basement.

The appellants' appeal is based on unequal treatment in the assessment process. The appellants submitted for consideration four comparable properties described as two-story frame and masonry dwellings that range in age from 15 to 19 years old. The comparables contain from 3,086 to 3,219 square feet of living area and have improvement assessments ranging from \$6.22 to \$8.27 per square foot. The subject's improvement assessment is \$11.45 per square foot. Based on this evidence, the appellants requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of two-story masonry or frame and masonry dwellings that range in age from four to 24 years old. The dwellings contain from 2,984 to 3,229 square feet of living area and have improvement assessments ranging from \$11.44 to \$12.74 per square foot. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	7,260
IMPR.:	\$	31,029
TOTAL:	\$	38,289

parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of *uniformity* bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellants have not overcome this burden.

The Board finds that none of the comparables was truly similar to the subject property in age, exterior construction, and/or size to provide clear and convincing evidence that the property was inequitably assessed. Nevertheless, the Board finds that all of the comparables had improvement assessments ranging from \$6.22 to \$12.74 per square foot. The subject's improvement assessment of \$11.45 per square foot of living area falls within this range. After considering adjustments and differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported, and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
