

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Heron Munoz
DOCKET NO.: 06-24152.001-R-1
PARCEL NO.: 18-01-300-002-0000

The parties of record before the Property Tax Appeal Board are Heron Munoz, the appellant, by attorney Rusty Payton of the Law Offices of Rusty Payton, P.C., Chicago, Illinois; and the Cook County Board of Review.

The subject property is described as an 83-year old, one-story style dwelling of masonry construction containing 2,255 square feet of living area with a full, finished apartment in the basement.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted four comparable properties described as one-story masonry dwellings that are between 82 and 94 years old for consideration. The comparables contain from 1,163 to 1,248 square feet of living area and have improvement assessments ranging from \$10.75 to \$11.60 per square foot. The appellant described the subject as a full finished basement and 1,008 square feet of living area, however, the dwelling actually has 2,255 square feet of living area. The subject's improvement assessment is \$6.52 per square foot with its correct square footage. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented three comparable properties consisting of one-story masonry dwellings that are between 40 and 51 years old. The dwellings contain either 2,250 or 2,366 square feet and have improvement assessments ranging from \$11.41

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	2,548
IMPR.:	\$	14,707
TOTAL:	\$	17,255

Subject only to the State multiplier as applicable.

to \$12.10 per square foot. The board of review described the subject as having an apartment basement and 2,255 square feet of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not overcome this burden.

The Board finds the subject's unrefuted property characteristic sheet depicts the subject as having an apartment basement and 2,255 square feet of living area. The Board finds this is the best evidence in the record of the subject's size and basement area. The Board finds the range established by the most similar comparables contained in this record is \$11.41 to \$12.10 per square foot of living area. The subject's \$6.52 per square foot of living area is below this range. The comparables submitted by the board of review were most similar to the subject in size, design, exterior construction, and basement area. These comparables received the greatest weight in the Board's analysis. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
