

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeff Wykowski  
DOCKET NO.: 06-24198.001-R-1  
PARCEL NO.: 18-09-413-029-0000

The parties of record before the Property Tax Appeal Board are Jeff Wykowski, the appellant, by attorney Rusty Payton of the Law Offices of Rusty Payton, P.C., Chicago, Illinois; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:     \$ 6,657**  
**IMPR.:    \$ 32,176**  
**TOTAL:    \$ 38,833**

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property is improved with a one-story dwelling of frame and masonry construction containing 2236 square feet of living area. The dwelling is 16 years old. Features of the home include a partial, unfinished basement, a fireplace and a two and one-half-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on three comparable properties described as one-story or one and one-half-story frame dwellings that range in age from 55 to 59 years old. The comparable dwellings range in size from 1911 to 2455 square feet of living area. All lack basements, one has central air conditioning, and one has a fireplace. The comparables have improvement assessments ranging from \$10.54 to \$10.62 per square foot of living area. The subject's improvement assessment is \$14.39 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment

information on four comparable properties consisting of one-story masonry or frame and masonry dwellings that range in age from 18 to 40 years old. The dwellings range in size from 1824 to 2702 square feet of living area. They have full basements, one of which is furnished, and two-car or two and one-half-car garages. Three have central air conditioning and fireplaces. These properties have improvement assessments ranging from \$14.22 to \$15.86 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the comparables submitted by the appellant differed from the subject in three important aspects: they were of a different exterior construction; they lacked basements; and they were more than three times as old as the subject. The board gave them reduced weight in its analysis. The board of review's comparables differed from the subject as well, but overall they were more similar to the subject than were the appellant's comparables. The board of review's comparables had improvement assessments that ranged from \$14.22 to \$15.86 per square foot of living area. The subject's improvement assessment of \$14.39 per square foot of living area is within the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
