

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Barbara Baldassarre
DOCKET NO.: 06-24216.001-R-1
PARCEL NO.: 18-09-106-014-0000

The parties of record before the Property Tax Appeal Board are Barbara Baldassarre, the appellant, by attorney Rusty A. Payton of the Law Offices of Rusty A. Payton, P.C., Chicago, Illinois; and the Cook County Board of Review.

The subject property is a 54-year old, two-story style dwelling of frame and masonry construction containing 2,100 square feet of living area with a full, unfinished basement.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted for consideration three comparable properties described as two-story masonry or frame and masonry dwellings that are between 40 and 53 years old. The comparables are located approximately one-half to one mile from the subject property. One of the comparables does not have a basement. The comparables contain from 2,235 to 2,368 square feet of living area and have improvement assessments ranging from \$16.49 to \$19.97 per square foot. According to the appellant, the subject's improvement assessment is \$46,250 or \$22.02 per square foot. Those figures are actually for a prior year. The subject's improvement assessment for 2006 is \$35,129 or \$16.73 per square foot. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented four comparable properties consisting of two-story frame and masonry dwellings that are between 50 and 57 years old. The comparables are located in close proximity of the subject property. Each of the comparables has a basement. The dwellings contain from 2,054 to 2,278 square feet of living area and have improvement assessments ranging from

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	6,396
IMPR.:	\$	35,129
TOTAL:	\$	41,525

Subject only to the State multiplier as applicable.

\$20.87 to \$22.43 per square foot. Based on this evidence, the board of review requested confirmation of the subject's assessment.

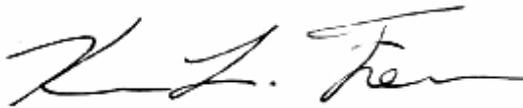

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not overcome this burden.

The Board finds the range established by the most similar comparables contained in this record is \$20.87 to \$22.43 per square foot of living area. The subject's improvement assessment of \$16.73 per square foot of living area falls below this range. The comparables submitted by the board of review were the most similar to the subject in age, location, and physical characteristics. These comparables received the greatest weight in the Board's analysis. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
