

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anne McCoy
DOCKET NO.: 06-24278.001-R-1
PARCEL NO.: 14-20-310-008-0000

The parties of record before the Property Tax Appeal Board are Anne McCoy, the appellant, by attorney Arnold G. Siegel in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,177
IMPR: \$89,500
TOTAL: \$109,677

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a 1½-story dwelling of frame construction containing 2,775 square feet of living area. The dwelling is 108 years old. Features of the home include a full, unfinished basement and a 2-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on three comparable properties described as 1½-story masonry or frame dwellings that range in age from 108 to 118 years old. The comparable dwellings range in size from 2,608 to 2,880 square feet of living area. All have full or partial basements, two of which are finished. One comparable has central air conditioning, two have fireplaces, and all have 1½ or 2-car garages. The appellant did not include any photographs of the comparables. The comparables have improvement assessments ranging from \$28.45 to \$32.43 per square foot of living area. The subject's improvement assessment is \$37.60 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$124,504 was disclosed. The board of review did not present any descriptions

or assessment information on comparable properties but disclosed the subject property sold in August 2004 for a price of \$1,245,000.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

The Board finds the appellant submitted descriptions and assessment information on three comparables that were similar to the subject in style, features and age. These comparables had improvement assessments that ranged from \$28.45 to \$32.43 per square foot of living area. The subject's improvement assessment of \$37.60 per square foot of living area is above this range. Although the board of review's evidence indicates the subject sold in 2004 for a sale price of \$1,245,000, it submitted no evidence to refute the appellant's lack of uniformity argument. Based on this record the Board finds the appellant demonstrated a lack of assessment uniformity by clear and convincing evidence and an assessment reduction is accordingly warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
