

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Delores Deters
DOCKET NO.: 06-24335.001-R-1
PARCEL NO.: 18-08-320-049-0000

The parties of record before the Property Tax Appeal Board are Delores Deters, the appellant, by attorney Rusty Payton of the Law Offices of Rusty Payton, P.C., Chicago, Illinois; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 10,349
IMPR.: \$ 36,768
TOTAL: \$ 47,117

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a one-story dwelling of masonry construction containing 2293 square feet of living area. The dwelling is 40 years old. Features of the home include a partial, unfinished basement, central air conditioning, a fireplace and a two-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on three comparable properties described as one-story masonry dwellings that range in age from 43 to 56 years old. The comparable dwellings range in size from 2108 to 2732 square feet of living area. All have central air conditioning, and two have fireplaces. All lack basements. The comparables have improvement assessments ranging from \$9.50 to \$13.90 per square foot of living area. The subject's improvement assessment is \$16.03 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment

information on three comparable properties consisting of one-story masonry dwellings that range in age from 36 to 46 years old. The dwellings range in size from 2138 to 2207 square feet of living area. Features include central air conditioning and two-car garages. Two have fireplaces. All have full basements, one of which is finished. These properties have improvement assessments ranging from \$16.21 to \$17.56 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The parties submitted six comparables for consideration. The appellant's comparable #1 differs in age from the subject and was given less weight in the Board's analysis. The Board finds the remaining comparables submitted by the parties were similar to the subject in most property characteristics. The comparables had improvement assessments that ranged from \$12.01 to \$17.56 per square foot of living area. The subject's improvement assessment of \$16.03 per square foot of living area is within the range established by the comparables. It is higher than the per square foot assessment of the appellant's comparables, which lack basements, and is lower than the per square foot assessments of the board of review's comparables, which have full basements. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
