

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Barbara Caracci  
DOCKET NO.: 06-24352.001-R-1  
PARCEL NO.: 18-07-403-038-0000

The parties of record before the Property Tax Appeal Board are Barbara Caracci, the appellant, by attorney Rusty Payton of the Law Offices of Rusty Payton, P.C., Chicago, Illinois; and the Cook County Board of Review.

The subject property is improved with an 51-year old, 1.5-story style dwelling of frame and masonry construction containing 1,620 square feet of living area with a full unfinished basement, a fireplace and a two-car detached garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as single-story frame and masonry dwellings that are from 40 and 50 years old for consideration. The comparables contain from 1,462 to 1,780 square feet of living area and have improvement assessments ranging from \$9.92 to \$17.82 per square foot of living area. The subject's improvement assessment is \$34,668 or \$21.40 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of 1.5-story frame and masonry dwellings that range in age from 48 to 54 years old. The dwellings have the same classification and neighborhood codes as the subject property. The dwellings range in size from 1,134 to 1,574 square feet of living area and have improvement assessments ranging from \$15.99 to \$26.45 per square foot of

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	8,976
IMPR.:	\$	34,668
TOTAL:	\$	43,644

Subject only to the State multiplier as applicable.

living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the comparables submitted by the board of review were most similar to the subject in design and age with comparables one and two being most similar in size. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. The two most similar comparables had improvement assessments that were \$22.35 and \$22.39 per square foot of living area. The subject's improvement assessment of \$21.40 per square foot of living area is below that of the two most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
