

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: John Cannon
DOCKET NO.: 06-24353.001-R-1
PARCEL NO.: 18-05-321-009-0000

The parties of record before the Property Tax Appeal Board are John Cannon, the appellant, by attorney Rusty Payton of the Law Offices of Rusty Payton, P.C., Chicago, Illinois; and the Cook County Board of Review.

The subject property is improved with an 79-year old, 1.5-story style dwelling of frame construction containing 1,957 square feet of living area with a full unfinished basement and a fireplace.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties composed of one, one-story dwelling and three 1.5 story dwellings of frame construction that range from 54 and 97 years old for consideration. The comparables range in size from 1,866 to 2,295 square feet of living area and have improvement assessments ranging from \$16.91 to \$17.53 per square foot of living area. The subject's improvement assessment is \$43,364 or \$22.16 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of the subject totaling \$49,527 was disclosed. The board of review disclosed the subject property sold in June 2003 for a price of \$605,000. The board of review submitted no other evidence.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

(Continued on Next Page)

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	6,163
IMPR.:	\$	33,600
TOTAL:	\$	39,763

Subject only to the State multiplier as applicable.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

The Board finds three comparables submitted by the appellant were relatively similar to the subject in size, design, exterior construction and age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$16.91 to \$17.17 per square foot of living area. The subject's improvement assessment of \$22.16 per square foot of living area is above this range. The Board finds the board of review submitted documentation that the subject sold in June 2003 for \$605,000, but it did not submit any equity comparables to demonstrate the subject was being equitably assessed. After considering adjustments and the differences in the appellant's comparables when compared to the subject, the Board finds the improvement assessment is excessive and a reduction in the subject's improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
