

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Raymond Brooks
DOCKET NO.: 06-24420.001-R-1
PARCEL NO.: 05-20-117-004-0000

The parties of record before the Property Tax Appeal Board are Raymond Brooks, the appellant, by attorney Mitchell L. Klein, of Schiller Klein PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 18,053
IMPR.: \$ 49,840
TOTAL: \$ 67,893

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story dwelling of frame construction containing 1,950 square feet of living area. The dwelling is 83 years old. Features of the home include a full, unfinished basement, central air conditioning and a fireplace.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on three comparable properties described as two-story frame, masonry or frame and masonry dwellings that are either 84 or 86 years old. The comparable dwellings range in size from 1,882 to 1,998 square feet of living area. The comparables have full or partial, unfinished basements, one has central air conditioning, and each has one or two fireplaces and a garage. The comparables have improvement assessments ranging from \$23.20 to \$24.16 per square foot of living area. The subject's improvement assessment is \$25.56 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed.

The board of review presented descriptions and assessment information on four comparable properties consisting of two-story frame dwellings that are between 81 and 96 years old. The dwellings range in size from 1,428 to 1,824 square feet of living area. The comparables have full basements, two of which are finished, one has central air conditioning, and each has a fireplace and a garage. These properties have improvement assessments ranging from \$21.72 to \$26.36 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In written rebuttal, the appellant noted differences between the subject and the board of review's comparables with respect to condition and amenities.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the comparables submitted by both parties are similar in design, age and foundation to the subject. They had some variation in exterior construction. The comparables most similar to the subject in size were the appellant's three comparables and the board of review's comparable one. These four comparables had improvement assessments ranging from \$23.20 to \$25.56 per square foot of living area. The subject's improvement assessment of \$25.56 per square foot of living area is within the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
