

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Robert Britz
DOCKET NO.: 06-24494.001-R-1
PARCEL NO.: 05-21-412-017-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Robert Britz, the appellant, by attorney Edward Larkin, of Larkin & Larkin of Park Ridge, and the Cook County Board of Review (board).

The subject property consists of a 48-year-old, one-story single-family dwelling of masonry construction containing 3,371 square feet of living area and located in New Trier Township, Cook County. The residence contains four and one-half bathrooms, a full-finished basement, air conditioning, fireplaces and no garage.

The appellant, through counsel, submitted evidence before the PTAB claiming unequal treatment in the assessment process as the basis of the appeal. In support of this argument, the appellant offered three suggested comparable properties located within one quarter to one mile from the subject. These properties consist of one-story single-family dwellings of masonry or stucco construction and range in age from 43 to 53 years. The comparables have two or three bathrooms with some half-baths and full or partial basements. The homes are air-conditioned and all have fireplaces. Each site has a one or two-car garage. The comparables contain between 2,657 and 4,274 square feet of living area and have improvement assessments ranging from \$53,140 to \$73,165 or from \$17.12 to \$20.00 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board submitted its "Board of Review Notes on Appeal" wherein the subject's final improvement assessment of \$101,129, or \$30.00 per square foot of living area, was disclosed. In support of the subject's assessment, the board offered four suggested comparable properties located within two miles of the subject. The comparables consist of one-story single-family dwellings of masonry construction and range in age from 40 to 74 years. The comparables contain two or three bathrooms with half-baths, three with full or partial basements, one finished, fireplaces, air

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the COOK County Board of Review is warranted. The correct assessed valuation of the property is:

IMPR. \$101,129
TOTAL: \$201,132

conditioning and three have one, two or three-car garages. The comparables range in size from 2,514 to 4,106 square feet of living area and have improvement assessments of between \$100,560 and \$151,100 or from \$36.80 to \$40.00 per square foot of living area. Based on this evidence, the board requested confirmation of the subject property's assessment.

After reviewing the record and considering the evidence, the PTAB finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the PTAB finds the appellant has failed to overcome this burden.

The PTAB finds both parties submitted a total of seven suggested comparables of which only the appellant's comparable one is similar in building area. The remaining comparables differ from the subject in living area or age or location or construction materials. The seven properties have improvement assessments ranging from \$17.12 to \$40.00 per square foot of living area. The subject's per square foot improvement assessment of \$30.00 is within this range of properties. After considering the suggested comparables when compared to the subject property, the PTAB finds the evidence is insufficient to effect a change in the subject's current assessment.

As a result of this analysis, the Property Tax Appeal Board finds the appellant failed to adequately demonstrate that the subject dwelling was inequitably assessed by clear and convincing evidence and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
