

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Ronald Schwechter
DOCKET NO.: 06-24776.001-R-1
PARCEL NO.: 04-03-101-114-0000

The parties of record before the Property Tax Appeal Board are Ronald Schwechter, the appellant, by attorney Julie Realmuto of McCarthy & Duffy, Chicago, Illinois; and the Cook County Board of Review.

The subject property is improved with an 18-year old, two-story style townhouse of masonry construction containing 2,610 square feet of living area with a full, unfinished basement, central air conditioning, a fireplace, and a two-car attached garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as one or two-story masonry dwellings. Each is 15 years old. The comparable dwellings contain 2,424 or 2,610 square feet of living area. These properties have improvement assessments ranging from \$8.77 to \$10.96 per square foot of living area. The subject's improvement assessment is \$13.66 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on three comparable properties consisting of two-story masonry townhouses. Each is 18 years old. The dwellings range in size from 2,464 to 2,944 square feet of living area. These properties have improvement assessments ranging from \$13.73 to \$14.14 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	4,915
IMPR.:	\$	35,653
TOTAL:	\$	40,568

Subject only to the State multiplier as applicable.

PTAB/BRW/June 09/06-24776

finds that a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds that the appellant's comparable numbered four and the comparable numbered three by the board of review were identical to the subject dwelling in size, and they were also very similar in age, design, and exterior construction. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments of \$10.96 and \$13.73 per square foot of living area. The subject's improvement assessment of \$13.66 per square foot of living area falls between these amounts. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
