

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Sam Gambacorta
DOCKET NO.: 06-24923.001-R-1 & 06-24923.002-R-1
PARCEL NO.: 05-29-402-015-0000 & 05-29-402-016-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Sam Gambacorta, the appellant, and the Cook County Board of Review (board).

The subject property consists of a 50-year-old, one and part two-story single-family dwelling of masonry construction containing 1,495 square feet of living area and located in New Trier Township, Cook County. The residence contains two bathrooms, a finished partial basement, air conditioning, a fireplace and a one-car garage.

The appellant appeared before the PTAB and submitted evidence claiming unequal treatment in the assessment process as the basis of the appeal. In support of this argument, the appellant offered four suggested comparable properties located within a quarter mile of the subject. These properties consist of one-story single-family dwellings of masonry construction and range in age from 47 to 75 years. The comparables have one or two bathrooms with some half-baths and full basements, two finished. Three homes are air-conditioned and all have fireplaces. Three have one or two-car garages. The comparables contain between 1,325 and 1,760 square feet of living area and have improvement assessments ranging from \$12,120 to \$27,312 or from \$9.15 to \$15.52 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board submitted its "Board of Review Notes on Appeal" wherein the subject's final improvement assessment of \$26,056, or \$17.42 per square foot of living area, was disclosed. In support of the subject's assessment, the board offered three suggested comparable properties located within a half mile of subject. The comparables consist of one-story single-family dwellings of frame of frame and masonry construction and range in age from 51 to 94 years. The comparables contain one or two bathrooms, one with a half-bath, full or partial basements; two have air conditioning;

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the COOK County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO.	PROPERTY NO.	LAND	IMPR.	TOTAL
06-24923.001-R-1	05-29-402-015	\$8,184	\$11,816	\$20,000
06-24923.002-R-1	05-29-402-016	\$8,184	\$11,816	\$20,000

all have fireplaces and one or two-car garages. The comparables range in size from 1,515 to 1,566 square feet of living area and have improvement assessments of between \$31,290 and \$31,697 or from \$19.96 to \$20.65 per square foot of living area. Based on this evidence, the board requested confirmation of the subject property's assessment.

In rebuttal the appellant noted the board's comparables are in the Villages of Winnetka and Kenilworth while the subject is located in Wilmette.

After hearing the testimony and considering the evidence, the PTAB finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the PTAB finds the appellant has overcome this burden.

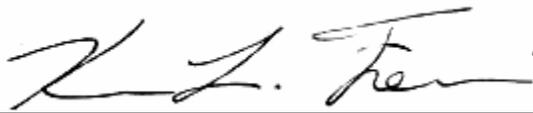

The PTAB finds the appellant's comparables one and especially two and three are the comparables most similar to the subject. These properties have improvement assessments ranging from \$9.15 to \$14.43 per square foot of living area. The subject's per square foot improvement assessment of \$17.42 is above this range of properties. The PTAB gives less weight to the appellant's comparable four due to larger building area and the board's comparables because they are less similar to the subject in age and they are not within the Village of Wilmette. After considering the suggested comparables when compared to the subject property, the PTAB finds the evidence is sufficient to effect a change in the subject's current assessment.

As a result of this analysis, the Property Tax Appeal Board finds the appellant adequately demonstrated that the subject dwelling was inequitably assessed by clear and convincing evidence and a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
