

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Sam Gambacorta
DOCKET NO.: 06-24924.001-R-1
PARCEL NO.: 05-29-401-044-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Sam Gambacorta, the appellant, and the Cook County Board of Review (board).

The subject property consists of a 52-year-old, one-story single-family dwelling of masonry construction containing 1,120 square feet of living area and located in New Trier Township, Cook County. The residence contains one bathroom, no basement, air conditioning, a fireplace and a two-car garage.

The appellant appeared before the PTAB and submitted evidence claiming unequal treatment in the assessment process as the basis of the appeal. In support of this argument, the appellant offered four suggested comparable properties located within a quarter mile of the subject. These properties consist of one-story single-family dwellings of masonry construction and range in age from 47 to 75 years. The comparables have one or two bathrooms with some half-baths and full basements, two finished. Three homes are air-conditioned and all have fireplaces. Three have one or two-car garages. The comparables contain between 1,325 and 1,760 square feet of living area and have improvement assessments ranging from \$12,120 to \$27,312 or from \$9.15 to \$15.52 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board submitted its "Board of Review Notes on Appeal" wherein the subject's final improvement assessment of \$24,428, or \$21.81 per square foot of living area, was disclosed. In support of the subject's assessment, the board offered four suggested comparable properties located within a quarter mile of subject. The comparables consist of one-story single-family dwellings of frame construction and range in age from 50 to 54 years. The comparables contain one or two bathrooms, with half-baths, full basements, two finished; they have air conditioning, fireplaces and one or two-car garages. The comparables range in size from 1,284 to 1,549 square feet of living area and have improvement assessments of between \$31,143 and \$37,760 or from \$22.32 to

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the COOK County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,368
IMPR. \$24,428
TOTAL: \$40,796

Subject only to the State multiplier as applicable.

PTAB/TMcG. 12/08

\$24.94 per square foot of living area. Based on this evidence, the board requested confirmation of the subject property's assessment.

After hearing the testimony and considering the evidence, the PTAB finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the PTAB finds the appellant has failed to overcome this burden.

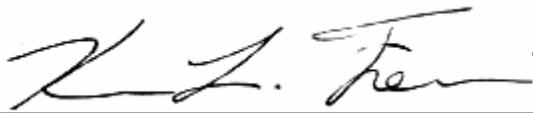

The PTAB finds both parties submitted a total of eight suggested comparables as similar to the subject. The PTAB finds none of the comparables similar enough to influence a change in the subject's assessment. The appellant's comparables are less similar to the subject in age and/or building area and thus carry less weight. The PTAB finds the board's comparables are less similar and inferior to the subject as frame buildings compared to a masonry subject but are superior in size. Taken as is the eight properties have improvement assessments ranging from \$9.15 to \$24.94 per square foot of living area. The subject's per square foot improvement assessment of \$21.81 is within this range of properties. After considering the suggested comparables when compared to the subject property, the PTAB finds the evidence is insufficient to effect a change in the subject's current assessment.

As a result of this analysis, the Property Tax Appeal Board finds the appellant has not adequately demonstrated that the subject dwelling was inequitably assessed by clear and convincing evidence and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
