

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Denise Kane  
DOCKET NO.: 06-24926.001-R-1  
PARCEL NO.: 14-08-123-019-0000

The parties of record before the Property Tax Appeal Board are Denise Kane, the appellant, by attorney Patrick J. Cullerton, of Thompson Coburn LLP in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$11,753  
IMPR.: \$77,291  
TOTAL: \$89,044**

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property is improved with a 3-story dwelling of masonry construction containing 3,769 square feet of living area. The dwelling is 103 years old. Features of the building include a full, unfinished basement and a 2-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on nine comparable properties described as 2 or 3-story masonry dwellings that range in age from 98 to 113 years old. The comparable dwellings range in size from 3,612 to 3,966 square feet of living area. All comparables feature full or partial basements, four of which are finished. Seven comparables have 1½, 2 or 3-car garages. The comparables have improvement assessments ranging from \$10.54 to \$15.19 per square foot of living area. The subject's improvement assessment is \$20.51 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented a description and assessment information on one comparable property consisting of a 3-story

masonry dwelling 103 years old. It contains 3,708 square feet of living area and features a full, unfinished basement and a 1½-car garage. The improvement assessment for this comparable is \$21.67 per square foot of living area. In support of the assessment, the board of review also disclosed that the subject was purchased in October, 2005 for \$890,000 and comparable #1 was purchased in March, 2005 for \$920,000. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

Comparables #1, #3 and #4 submitted by the appellant were 2-story unlike the subject's 3-story building. The Board finds comparables #5 through #9 submitted by the appellant and the comparable submitted by the board of review were most similar to the subject in location, size, style, exterior construction, features and age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$13.62 to \$21.67 per square foot of living area. The subject's improvement assessment of \$20.51 per square foot of living area is within the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
