

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Chul S. Song
DOCKET NO.: 06-24957.001-R-1
PARCEL NO.: 04-23-101-041

The parties of record before the Property Tax Appeal Board are Chul S. Song, the appellant, by attorney David Dunkin with the law firm of Arnstein & Lehr in Chicago; and the Cook County Board of Review.

The subject property consists of a 6,565 square foot parcel of land improved with a five-year old, two-story, frame, single-family dwelling containing 3,272 square feet of living area, two and one-half baths, air conditioning, a fireplace, and a full, unfinished basement. The appellant argued unequal treatment in the assessment process as the basis of the appeal.

The appellant, via counsel, submitted information on a total of four properties suggested as comparable and located within the subject's neighborhood. The properties are described as two-story, masonry and frame, single-family dwellings with two or two and one-half baths, air conditioning, a full, unfinished basement, and, for three properties a fireplace. The properties range: in age from five to six years; in size from 3,209 to 3,354 square feet of living area; and in improvement assessments from \$17.67 to \$18.38 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's improvement assessment of \$64,010 or \$19.56 per square foot of living area was disclosed. In support of the subject's assessment, the board of review presented descriptions and assessment information on a total of three properties suggested as comparable and located within the subject's neighborhood. The properties consist of two-story, frame, single-family dwellings with two and one-half baths, air conditioning, a fireplace, and a full, unfinished basement. The properties range: in age from eight to nine years; in size from 3,272 to 3,315 square feet of living area; and in improvement assessments from \$20.23 to \$20.32 per square foot of living area.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	11,554
IMPR.:	\$	64,010
TOTAL:	\$	75,564

Subject only to the State multiplier as applicable.

PTAB/JBV

Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The parties submitted a total of seven properties suggested as comparable to the subject. The PTAB finds all the comparables similar to the subject in design, size, and age with some differences in construction. These properties are frame or frame and masonry, two-story, single-family dwellings located in the subject's neighborhood. The properties range: in age from five to nine years; in size from 3,209 to 3,354 square feet of living area; and in improvement assessments from \$17.67 to \$20.32 per square foot of living area. In comparison, the subject's improvement assessment of \$19.56 per square foot of living area is within this range. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

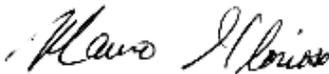

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
