

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Donald T. Krihak II  
DOCKET NO.: 06-24985.001-R-1  
PARCEL NO.: 14-20-324-016-0000

The parties of record before the Property Tax Appeal Board are Donald T. Krihak II, the appellant, by attorney Kevin B. Hynes, of O'Keefe Lyons & Hynes, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$15,294  
**IMPR:** \$118,841  
**TOTAL:** \$134,135

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property is improved with a 2-story dwelling of masonry construction containing 2,680 square feet of living area. The dwelling is 4 years old. Features of the home include a full, finished basement, central air conditioning, a fireplace and a 2-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on five comparable properties described as 2-story masonry or frame dwellings that range in age from 4 to 9 years old. The comparable dwellings range in size from 2,468 to 3,142 square feet of living area. All comparables feature full, finished basements, central air conditioning, 2-car garages and 2, 3 or 4 fireplaces. The comparables have improvement assessments ranging from \$33.02 to \$46.38 per square foot of living area. The subject's improvement assessment is \$59.52 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review did not present any assessment information on any comparable properties. The board of review did disclose that

the subject was purchased in November 2003 for \$1,700,000. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

The board of review submitted no comparables. The Board finds the comparables submitted by the appellant were very similar to the subject in location, size, style, exterior construction, features and age. These comparables had improvement assessments that ranged from \$33.02 to \$46.38 per square foot of living area. The subject's improvement assessment of \$59.52 per square foot of living area is above the range established by these comparables. Although the board of review submitted sales information for the subject, a sale does not address the inequity argument. Therefore, the Board finds the subject's improvement assessment is not equitable and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
