

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kenton Girard
DOCKET NO.: 06-25501.001-R-1
PARCEL NO.: 05-17-107-062-0000

The parties of record before the Property Tax Appeal Board are Kenton Girard, the appellant, by attorney Lisa A. Marino of Marino & Assoc., PC of Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 23,413
IMPR.: \$ 62,087
TOTAL: \$ 85,500

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story dwelling of frame and masonry construction containing 2,662 square feet of living area. The dwelling is 31 years old. Features of the home include a slab foundation, a fireplace, and a two-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on three comparable properties described as two-story frame or frame and masonry dwellings that range in age from 28 to 39 years old. The comparable dwellings range in size from 2,902 to 3,375 square feet of living area. Two comparables have partial, unfinished basements, and one has a slab foundation. Each dwelling has a fireplace and a garage, and two have central air conditioning. The comparables have improvement assessments of either \$20.32 or \$21.83 per square foot of living area. The subject's improvement assessment is \$23.23 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment

information on three comparable properties consisting of two-story frame and masonry dwellings that range in age from 28 to 40 years old. The dwellings range in size from 2,331 to 2,970 square feet of living area. Two comparables have full basements, either finished or unfinished, and one has a slab foundation. Each dwelling has central air conditioning, one or two fireplaces, and a garage. These properties have improvement assessments ranging from \$24.78 to \$25.20 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

Both parties presented assessment data on a total of six equity comparables. The appellant's comparables numbered one and two were much larger than the subject and received reduced weight in the Board's analysis. The Board finds the comparable numbered three by the appellant and the comparables submitted by the board of review were most similar in style and exterior construction, and they were generally similar in size and age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$21.83 to \$25.20 per square foot of living area. The subject's improvement assessment of \$23.23 per square foot of living area falls within the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
