

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: 2558-72 Clark, LLC
DOCKET NO.: 06-25672.001-C-1
PARCEL NO.: 14-28-313-039-0000

The parties of record before the Property Tax Appeal Board are 2558-72 Clark, LLC, the appellant, by attorney Anthony M. Farace, of Amari & Locallo in Chicago. The Cook County Board of Review was defaulted on January 12, 2011.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 99,411
IMPR.: \$ 262,064
TOTAL: \$ 361,475

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a one-story, commercial building containing 6,949 square feet of building area. The building is approximately 96 years old and is located on a 9,021 square foot site.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. In support of this overvaluation argument, the appellant submitted three sales comparables located within a three-mile radius of the subject. The appellant also submitted a copy of the final decision issued by the Cook County Board of Review establishing a total assessment for the subject of \$443,541, which reflects a market value of approximately \$1,167,213 using the Cook County Real Property Assessment Classification Ordinance level of assessments for class 5A property of 38%. Based on this evidence, the appellant requested the subject's assessment be reduced.

The board of review did not submit its "Board of Review Notes on Appeal" or any evidence in support of its assessed valuation of the subject property.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds the evidence in the record supports a reduction in the subject's assessment.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331 Ill.App.3d 1038 (3rd Dist. 2002). Proof of the market value of the subject property may consist of an appraisal of the subject property as of the assessment date at issue. (86 Ill.Admin.Code 1910.65(c)(1)). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value in the record are the sales comparables submitted by the appellant. The Board finds the subject's assessment reflects a market value greater than the market value presented by the appellant. The board of review did not submit any evidence in support of its assessment of the subject property or to refute the appellant's argument as required by Section 1910.40(a) of the rules of the Property Tax Appeal Board and is found to be in default pursuant to Section 1910.69(a) of the rules of the Property Tax Appeal Board.

Based on this record, the Board finds the subject property had a market value of \$951,249 as of January 1, 2006. Since market value has been determined the 38% level of assessment for class 5A property under the Cook County Real Property Assessment Classification Ordinance shall apply. 86 Ill.Admin.Code 1910.50(c)(3).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
