

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Timothy Gambacorta
DOCKET NO.: 06-25705.001-R-1
PARCEL NO.: 05-30-406-048-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Timothy Gambacorta, the appellant, and the Cook County Board of Review (board).

The subject property consists of a 47-year-old, two-story single-family dwelling of frame and masonry construction containing 2,509 square feet of living area and located in New Trier Township, Cook County. The residence contains two and one half bathrooms, a finished partial basement and a one-car garage.

The appellant appeared before the PTAB and submitted evidence claiming unequal treatment in the assessment process as the basis of the appeal. In support of this argument, the appellant offered four suggested comparable properties located within a half mile of the subject. These properties consist of two-story single-family dwellings of frame and masonry construction and range in age from 44 to 48 years. The comparables have three or four bathrooms, and partial basements, two finished. All homes are air-conditioned and one has fireplaces. The properties have one or two-car garages. The comparables contain between 2,005 and 2,628 square feet of living area and have improvement assessments ranging from \$19,436 to \$31,528 or from \$8.29 to \$13.24 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board submitted its "Board of Review Notes on Appeal" wherein the subject's final improvement assessment of \$37,268, or \$14.85 per square foot of living area, was disclosed. In support of the subject's assessment, the board offered four suggested comparable properties located within a half mile of the subject. The comparables consist of two-story single-family dwellings of masonry or frame and masonry construction and range in age from 37 to 48 years. The comparables contain two or three bathrooms, with some half baths, full or partial basements, two finished; three have air conditioning; two have fireplaces and all have one or two-car garages. The comparables range in size from 2,408 to 2,772 square feet of living area and have improvement assessments

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the COOK County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,741
IMPR. \$37,268
TOTAL: \$52,009

Subject only to the State multiplier as applicable.

PTAB/TMcG. 12/08

of between \$36,514 and \$42,369 or from \$14.96 to \$16.22 per square foot of living area. Based on this evidence, the board requested confirmation of the subject property's assessment.

After hearing the testimony and considering the evidence, the PTAB finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the PTAB finds the appellant has failed to overcome this burden.

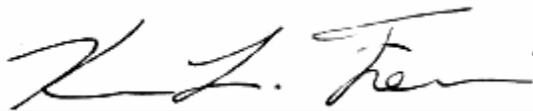

The PTAB finds the board's comparables one, three and four and the appellant's comparables one, two and four are the comparables most similar to the subject. These six properties have improvement assessments ranging from \$8.29 and \$16.22 per square foot of living area. The subject's per square foot improvement assessment of \$14.85 is within this range of comparable properties. The PTAB gives less weight to the appellant's comparable three and the board's comparable two due to the smaller building area and building construction. After considering the suggested comparables when compared to the subject property, the PTAB finds the evidence is insufficient to effect a change in the subject's current assessment.

As a result of this analysis, the Property Tax Appeal Board finds the appellant has not adequately demonstrated that the subject dwelling was inequitably assessed by clear and convincing evidence and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
