

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Paul Buehler
DOCKET NO.: 06-25748.001-I-1 through 06-25748.005-I-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Paul Buehler, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

06-25748.001-I-1	20-08-103-001-0000	2,454	35,844	\$38,298
06-25748.002-I-1	20-08-103-002-0000	2,332	38,570	\$40,902

ANALYSIS

The subject property consists of five parcels of land totaling 14,550 square feet and improved with a 49-year old, one-story, masonry, industrial building containing 11,994 square feet of building area. The appellant argued that the fair market value of the subject was not accurately reflected in its assessed value.

In support of the market value argument, the appellant submitted an appraisal authored by James Matthews of James Matthews, Inc. The report indicates Matthews is a State of Illinois certified general appraiser. The appraiser indicated the subject has an estimated market value of \$380,000 as of January 1, 2006. The appraisal report utilized the sales comparison approach to value to estimate the market value for the subject property. The appraisal found the subject's highest and best use to the continued use.

Under the sales comparison approach, the appraiser analyzed the sales of five properties located within the subject's market. The comparables are one-story, industrial buildings. The properties contain from 7,500 to 30,000 square feet of building area and sold from July 2001 to December 2005 for prices ranging from \$250,000 to \$900,000, or from \$23.67 to \$33.33 per square foot of building area, including land. The appraiser adjusted each of the comparables for pertinent factors. Based on the similarities and difference of the comparables when compared to the subject, the appraiser estimated a value for the subject of \$380,000.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$151,119 was disclosed. The subject's final assessment reflects a fair market value of \$419,775 when the Cook County Real Property Assessment Classification Ordinance level of assessments of 36% for Class 5B properties is applied. The board also submitted raw sales information on five properties suggested as comparable. The properties sold from May 2003 to January 2008 for prices ranging from \$575,000 to \$1,400,000 or from \$57.50 to \$125.00 per square foot of building area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

When overvaluation is claimed the appellant has the burden of proving the value of the property by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331Ill.App.3d 1038 (3rd Dist. 2002); Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill.App.3d 179 (2nd Dist. 2000). Proof of market value may consist of an appraisal, a recent arm's length sale of the subject property, recent sales of comparable properties, or recent construction costs of the subject property. 86 Ill.Admin.Code 1910.65(c). Having considered the evidence presented, the PTAB concludes that the evidence indicates a reduction is warranted.

In determining the fair market value of the subject property, the PTAB finds the best evidence to be the appellant's appraisal. The appellant's appraiser utilized the sales comparison approach to value in determining the subject's market value. The PTAB finds this appraisal to be persuasive for the appraiser: has experience in appraising; personally inspected the subject property and reviewed the property's history; and used similar properties in the sales comparison approach while providing sufficient detail regarding each sale as well as adjustments that were necessary.

The PTAB gives little weight to the board of review's comparables as the information provided was unadjusted raw sales data.

Therefore, the PTAB finds that the subject property had a market value of \$380,000 for the 2006 assessment year. Since the market value of the subject has been established, the Cook County Real Property Assessment Classification Ordinance level of assessment of 36% for Class 5B will apply. In applying this level of assessment to the subject, the total assessed value is \$136,800 while the subject's current total assessed value is above this amount. Therefore, the PTAB finds that a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
