

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Helen Hart
DOCKET NO.: 06-26484.001-R-1
PARCEL NO.: 13-17-102-066-0000

The parties of record before the Property Tax Appeal Board are Helen Hart, the appellant, by attorney Julie Realmuto of McCarthy & Duffy, Chicago, Illinois; and the Cook County Board of Review.

The subject property consists of a 48-year old, one-story style dwelling of masonry exterior construction containing 1,070 square feet of living area with a slab foundation.

The appellant submitted evidence before the Property Tax Appeal Board claiming unequal treatment in the assessment process as the basis of the appeal. In support of the equity argument, the appellant submitted a grid analysis detailing four suggested comparable properties. The comparables are one or one and one-half story masonry dwellings that are between 34 and 54 years old. None has a basement. The comparables contain from 1,188 to 1,323 square feet of living area and have improvement assessments ranging from \$19.34 to \$20.27 per square foot. The subject property has an improvement assessment of \$22.44 per square foot. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. In support of the subject's assessment, the board of review offered the property characteristic sheets on four suggested comparable properties. The comparable properties consist of one-story masonry dwellings that are between 52 and 56 years old. Three have slab foundations. The dwellings contain from 1,020 to 1,105 square feet of living area and have improvement assessments ranging from \$22.63 to \$23.46 per square foot. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Property Tax

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	6,766
IMPR.:	\$	24,015
TOTAL:	\$	30,781

Subject only to the State multiplier as applicable.

PTAB/MKB/7-09

Appeal Board further finds that a reduction in the subject's assessment is not warranted.

The appellant's argument was unequal treatment in the assessment process. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has not overcome this burden.

Both parties presented assessment data and descriptions on a total of eight equity comparables. The appellant's comparables two and four differed in design from the subject and comparables one and three, although similar to the subject in design, were considerably larger than the subject. The board of review's comparable three differed in foundation from the subject. As a result, these comparables received reduced weight in the Board's analysis. The board of review's comparables one, two and four were similar to the subject in design, exterior construction, age, size and foundation. Due to their similarities with the subject, the Board placed most weight on these comparables in its analysis. These comparables had improvement assessments ranging from \$22.63 to \$22.99 per square foot. The subject's improvement assessment of \$22.44 per square foot is below this range. After considering adjustments and the differences in both parties' suggested comparables when compared to the subject property, the Board finds the subject's assessment is supported by the most comparable properties contained in the record and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
