

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Pignotti  
DOCKET NO.: 06-26509.001-R-1  
PARCEL NO.: 14-19-326-044-0000

The parties of record before the Property Tax Appeal Board are Mark Pignotti, the appellant, by attorney Terrence Kennedy Jr., of the Law Offices of Terrence Kennedy Jr. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 11,372  
**IMPR.:** \$ 42,878  
**TOTAL:** \$ 54,250

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property is improved with a two-story multi-family dwelling of frame construction containing 2,319 square feet of living area. The dwelling is 117 years old. Features of the home include a partial, finished basement.

The appellant's appeal is based on unequal treatment in the assessment process. In support of this argument, the appellant submitted a grid analysis detailing eight suggested comparable properties described as two-story frame dwellings that range in age from 105 to 138 years old. The comparable dwellings range in size from 1,947 to 2,683 square feet of living area. The comparables have a full basement, two of which are finished, two have one or two fireplaces and four have a garage. The comparables have improvement assessments ranging from \$16.57 to \$21.35 per square foot of living area. The subject's improvement assessment is \$25.78 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review did not provide evidence with respect to the

characteristics or assessments of any comparable properties. The board of review did report that the subject was purchased in August 2004 for \$707,500. The board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

The Board finds the appellant's comparables were similar to the subject in most respects, including design, exterior construction, age, size and features. These comparables had improvement assessments ranging from \$16.57 to \$21.35 per square foot of living area. The subject's improvement assessment of \$25.78 per square foot of living area is above the assessments established by the most similar comparables. There was no equity evidence submitted by the board of review to refute the appellant's equity argument. After considering adjustments and the differences in the appellant's comparables when compared to the subject, the Board finds the subject's improvement assessment is not equitable and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
